

I'm so blissfully happy right now that when Toby farted in my left nostril, I could barely even smell it. And when Bella ate my favourite tinted lip balm and stuck her fingers into my favourite bronzer, I... well, that was actually pretty annoying... but I slammed my bedroom door shut much more gently than I would have! At the end of a day, it's just a tinted lip balm and bronzer, and I'm not the one who is angrily trying to get the stains out of the carpet with Vanish, am I?

New year, new diary, new multipack of KitKat Chunkys and a new BOYFRIEND!!!! Could life get ANY better?!?!?!?

At long last Lottie and Daniel are an OFFICIAL COUPLE and everything seems to be going brilliantly (except for Amber being mean and jealous, but what's new there?). Lottie soon finds having a new boyfriend and ~~and~~ new dog means she has little time for anyone else, which means leaving her best friends pretty upset.
